Michael:

We will be having our company Christmas Party on Wednesday, December 19 at 7:00.

It is traditional company policy that our most recent on-air personality be asked to work the 7-Midnight shift the night of our Christmas Party, and I am sure Ron will be asking you to do that.

Please know that we appreciate your employment with us very much, and we will make sure that supper is delivered to you while you are working. We will make arrangements for your supper.

Thanks!

Trey Stafford
Vice President/General Manager
